July 1, 2006

Missouri Revised Statutes
Chapter 217
Department of Corrections
Section 217.575

August 28, 2001

Sales of goods or services to state or political subdivisions --promotion--price--certification of nonavailability required for state purchases, when.

217.575. 1. All goods manufactured, services provided or produce of the vocational enterprises program of the state shall, upon the requisition of the proper official, be furnished to the state, to any public institution owned, managed or controlled by the state, or to any private entity that is leasing space to any agency of the state government for use in space leased to the state agency, at such prices as shall be determined as provided in subsection 4 of this section.

2. No goods or services so manufactured, provided or produced shall be purchased from any other source for the state or public institutions of the state unless the department shall certify the goods or services included in the requisition cannot be furnished or supplied by the vocational enterprises program within ninety days, or, in the event the same goods or services cannot be procured on the open market within ninety days, that the vocational enterprises program cannot supply them within a reasonable time. No claims for the payment of such goods or services shall be audited or paid without this certificate. One copy each of the requisition or certificate shall be retained by the department.

3. The division of purchasing and the division of design and construction shall cooperate with the department in seeking to promote for use by state agencies and in state-owned or -occupied facilities the products manufactured and services provided by the vocational enterprises program.

4. The vocational enterprises program shall fix and determine the prices at which goods and produce so manufactured and produced and services so provided shall be furnished, and the prices shall be uniform to all. The cost shall not be fixed at more than the market price for like goods and services.

5. Any differences between the vocational enterprises program and the state, its departments, divisions, agencies, institutions, or the political subdivisions of the state as to style, design, price or quality of goods shall be submitted to arbitrators whose decision shall be final. One of the arbitrators shall be named by the program, one by the office, department, political subdivision or institution concerned, and one by agreement of the other two. The arbitrators shall receive no compensation; however, their necessary expenses shall be paid by the office, department, political subdivision or institution against which the award is given, or, in the event of a compromise decision, by both parties, the amount to be paid by each party in portions to be determined by the arbitrators.

6. The vocational enterprises program may sell office systems and furniture to any department, agency, or institution of the state or any political subdivision of the state either through outright purchase or through payment plan agreement, including handling charges, over a specified number of months contingent on the solvency of the working capital revolving fund. Prior approval shall be required by the division of design and construction for state agencies in situations where the office of administration controlled state-owned office space is involved and space in which a lease contract executed by the office of administration is in effect.

(L. 1982 H.B. 1196 § 101, A.L. 1989 H.B. 408, A.L. 1994 S.B. 763)

Catalog of products furnished public officers--institutions to report estimates of needs.

217.580. 1. The department shall develop a program to promote the products and services available from the vocational enterprises program.

2. Once every year, the vocational enterprises program shall issue a descriptive list of the styles, designs, qualities and types of goods, materials or services available for the ensuing year.

3. On July first of each year the proper officers of the state and of the divisions, agencies and institutions and political subdivisions of the state shall report to the vocational enterprises program estimates for the ensuing year of the amount of supplies of different kinds or the types of services required to be purchased by them that can or may be furnished by the vocational enterprises program.

(L. 1982 H.B. 1196 § 102, A.L. 1989 H.B. 408, A.L. 1994 S.B. 763)

About MVE
Missouri Vocational Enterprises (MVE) is a part of the Division of Offender Rehabilitative Services under the Missouri Department of Corrections. MVE utilizes offender labor, along with supervisors and administrative staff, to provide products and services to state agencies and other tax-supported entities. Great pride is taken in providing quality, efficiency and timely support to all of our customers.

Missouri Vocational Enterprises (MVE) is responsible for 28 different industries, services and agri-business operations located in ten correctional institutions throughout the state. Since it’s beginning over 100 years ago, the program has been revised and expanded. At any one time, MVE employs approximately 1,300 offenders who provide a variety of products and services for sale to state agencies, city and county governments, political subdivisions, state employees and not-for-profit organizations. Its goal is to increase employment and training opportunities for offenders.

Varieties of vocational training programs are provided in various institutions throughout the state. Funding is obtained from the profits of MVE. Programming is directed at teaching offenders applicable work skills and habits prior to their release from prison. Some of the training programs include auto & diesel repair, upholstery, furniture and cabinet construction, carpentry and small engine technology.

As a benefit to the state and to taxpayers, MVE is self-supportive. Proceeds from the sale of our products are returned to the organizations revolving fund for operational expenses; i.e. salaries, equipment, raw materials, etc.

MVE activities are authorized by Missouri State Statutes, Section 217.575 and 217.580. The statute requires that any products or services produced by MVE must not be purchased from any other source without first obtaining a waiver from MVE. Additionally, orders may be placed directly to MVE, without utilizing the bid process.

License Plates

Aluminum City and County Plates

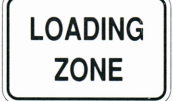

New Special aluminum license plates are now available to Sheriffs, Police, Fire Departments, Cities, School Districts, and other customers. Plates are standard license plate size with all new colors, Green to White, Orange to White, Blue to White, Yellow to White, Red to White, and Black to White. There are four designs available, see page 30 to choose the style you want. License numbers character numbers will vary depending on style chosen. All plates can have up to 25 characters on the top line, counting both spaces and letters. The bottom line will also accommodate 25 letters or spaces combined. All center numbers are black. The top line must have the City or County and the bottom line must have the department or area where vehicle is assigned. See Pages 29 and 30 for ordering information.

Sign Brackets (for flat blades)		
TPB-1	Top Post Bracket for U-Channel Post	\$4.77
TPB-2	Top Post Bracket for Round Post 203/8"	\$5.30
CB-3	Cross Bracket	\$4.45

Sign Brackets

TBP-1 Top Post Bracket
For U-Channel Post
Post cap bracket fits all U-Channel posts. Used with standard flat blade slots or extruded blade slots.

TBP-2 Top Post Bracket For Round Post
Combination Post cap and sign bracket fits round tubular posts to 2 3/8" diameter. Used with standard flat blade slots or extruded blade slots.

CB-3 Cross Bracket
This blade connector holds top sign firmly in place with the bottom sign. Used with standard flat blade slots or extruded blade slots.

Street Marker Signs

For street names up to 9,11,14, or 16 characters, order your sign 24, 30, 36, or 42 inches long. Count each letter and each space as a character. Short abbreviations such as AV, DR, and ST count as one character. If you want block numbers above or below the street name, order the sign 9 inches high. All numbers count as 1 character except the No. 1 which is 1/2. All letters are 1 character except I, M, W. The letter I is counted as 1/2. The letters M and W are counted as 1 1/2. Abbreviations are counted as 1/2. All spaces are counted as 1 character.

Abbreviations:

Standard abbreviations listed in chart below will be used. Any other suffix will be abbreviated at MVE's discretion. Periods, hyphens, commas, and question marks will not be included on standard faces.

The national standards of MUTCD (Manual of Uniform Traffic Control Devices) for Pedestrian, Bicycle, and School Warning Traffic signs have been revised. The amendment recommends the use of Fluorescent Yellow Diamond Grade Reflective Vinyl due to it's superior visibility 24 hours a day. It is not recommended that you mix the new fluorescent signs and the old standard yellow signs within the same general area.

Size	Price per each	Size	Price per each
12" x 12"	\$ 19.65	24" x 24"	\$ 73.85
8" x 24"	\$ 24.00	30" x 30"	\$ 115.60

Fluorescent Signs

High-Intensity Fluorescent Yellow Green Signs

MVE is now offering Fluorescent Yellow Green Pedestrian, Bicycling and School Warning signs. Safety is critical in areas where school children, pedestrians, and bicyclists compete with motorized vehicles. Drivers need advanced warning of safety zones, such as crossings and intersections, where they share roadways with unprotected users.

Fluorescent Yellow Green provides greater visibility than the standard yellow traffic signs. Because of it's unique luminescent qualities, Fluorescent Yellow Green signs are brighter, rain or shine, day or night. As a result, these new signs attract driver attention sooner, enabling motorists to slow down and respond with caution, making roadways safer.

If you have a sign in mind other than what is shown, contact us and we will be happy to meet your needs.

Static Cling and Magnetic Signs and Decals

Static Cling Decals adhere by vacuum, which makes them movable and reusable. Change your mind about where you want your decal and you can remove it and place it on some other smooth interior surface.

Magnetic Signs and Decals are available using flexible, rubberized materials. AutoMag is designed to be used on vehicles; while our Standard Magnetic Material is great for Signs, Placards, and Decals. Pricing is available on a per job basis. Give us a call, with your sign needs.
